**SPRIGT DOWELL HAS NARROW ESCAPE WHEN AUTO WRECKS.**

Montgomery, July 11.—Dr. Spright Dowell, president of the Alabama Polytechnic Institute, narrowly escaped serious injury when a car which he was driving turned over in a ditch near Montgomery Friday. Dr. Dowell, who was driving, pulled the car to one side of the road, on the highway to Auburn about two miles beyond Mt. Meigs.

While the car was driving, pulled to the edge of the road and the car went into the ditch.

Dr. Dowell was accompanied by his son, Spright Dowell, Jr., and three other passengers. All escaped injury. In an accident about two years ago the car slipped in the loose gravel on the edge of the road and Dr. Dowell was seriously injured.

**DEATH OF LITTLE JOE JORDAN.**

On Saturday afternoon July 18, 1927 the death Angel visited on the home of Mrs. M. C. Jordan and took their little son Joe from this to Heaven. He was born Feb. 1921, being three years and four months old at the time of his death. He was only a short time. He was rushed to Troy to the hospital where he underwent a serious operation and died shortly afterwards. All was done for him that loving hands could do, but his little life was snuffed out. He was kind and loved by all that knew him. But the Lord kneweth and doeth all things well. His mother is still. He was buried in the beautiful floral offerings. It was hard to give him up but his loss is heaven's gain. He will be missed by all who loved him. When we think of it that there is gone that great beyond where he will be there no more sadness but it will be gladness. We hope to meet him again some day where parting comes no more but all will be happiness and ever.

**SAVANNAH AVIATOR TO MAKE FLIGHT TO RIO DE JANEIRO**

Brunswick, Ga., July 9.—Paul H. Roferen, Savannah aviator, signed a contract here today for a 4,500 mile nonstop flight from Brunswick to Rio de Janeiro, an undertaking described by its sponsors as more hazardous than the record transatlantic flight of the Lindbergh, Chamberlain and Byrd.

The flyer who recently gave up his doctorate for a successful trip to L. Maitland, announced his plans after the project had been underwritten by a group of local business men who subscribed \$25,000 for it.

He said he would use a monoplane now being built by the Stinson Aircraft Co. at Detroit. The plane will be equipped with a Wright Whirlwind motor of the same type that carried the Atlantic and Pacific flights of the Stinson. The flight is planned here from Detroit upon its completion, after which the date of its hop off and other details will be decided on.

Roferen said he would travel along his route to the Brazilian Capital by way of the Caribbean Sea, and over the Amazon jungle and the Andes Mountains. The aviator has a record of 1840 miles in a 100-hour flight in a biplane flying experience during a service of several years with the United States customs officials at Savannah.

**JURY FINDS ACREE GUILTY OF PART IN GA. FLOGGING CASE.**

Toccoa, Ga., July 9.—A jury today found W. G. Acree, high school principal, guilty of part in a case in connection with the flogging of Mrs. Ansley Bowers and her 12-year old son here.

Acree was accused of leading the mob who looted and robbed band in nearby towns flogging expeditions in Toccoa since the first of this year.

Senators are deferred pending the outcome of the trial of eight other men indicted for flogging Mrs. Bowers' son. The jury found the principals in the two outstanding cases.

# See how CLEAN it is!

LOOK into the crystal-clear bowl of the new Pan-Am pump you pass. Your own eyes will tell you that here is a gasoline free from dirt and sediment. And, even more important, the careful Pan-Am refining process removes impurities you cannot see: corrosives and carbon-forming elements.

This clean gasoline will keep your motor cleaner, because it forms

less carbon. It will also give you a new thrill when you step on the accelerator, for the quick start and the long pull. And you'll find that your car goes more miles on every gallon, with Pan-Am in the tank.

... A TOUGHER OIL  
It will also pay you to insist on the improved Pan-Am motor oil.

This tougher oil returns its body in spite of engine heat and friction.

Thus it gives 100% lubrication value, effective protection for your motor. And it has the endurance to keep on the job mile after mile, longer after ordinary oils are thinned to the danger point.

Both of these better motor products are sold by Pan-Am dealers everywhere. Look for the familiar cream-colored Pan-Am pump. It marks a reliable place to trade.

### BIG REVIVAL HELD AT BETHEM CHURCH AT VICTORIA.

Our revival meeting has closed at old Bethem Church at Victoria, and in addition to the church, Rev. Will Willis, of Kingston, was our pastor.

Rev. Willis delivered many great sermons and many were converted during this great revival. We can say that this is one of our greatest revival meetings. God has wonderfully blessed us and we trust that he will bless us in the future. Brother Willis did his best for us and God, and we pray our Father to help us have many other good meetings. We hope our Father will bless those who were baptized and lead them in the way they should go. God be with us all.
